What Is Q-Link?

Imagine a place where you can meet new friends every day. Download files for your personal software library. Get expert hardware and software support. And even go shopping, make travel reservations, and keep up with news and the stock market.

Q-Link, the online service for Commodore® computer owners, gives you all that and more! To take advantage of all Q-Link has to offer, all you need is a Commodore 64 or 128 computer, a modem (an inexpensive and easy-to-use device that connects your computer to your phone line), and the special Q-Link software.

Then, you can go online and enter a whole new world! Your personal computer becomes your window to useful information, exciting events and personal services, and people who share your interests in everything from sports and computing to science fiction and genealogy. The activities you see listed in this guide reflect the actual events and services that Q-Link members are enjoying right now.

As a Q-link member, you can:

- **Get the scoop on new software before you buy** with the Software Buyer's Guide, and with demonstration programs you can download and try on your own computer.

- **Download thousands of public domain and shareware software programs** from Q-Link's software libraries.

- **Make your airplane, hotel, and car rental arrangements** online with American Airline's EAA's Sabre™ Travel Service.

- **Stay informed on the top news of the day** with stories from USA Today® and eight of the world's largest news wires.

- **Make smart financial decisions** with advice from experts and single stock quotes at your fingertips.

- **Look up facts in seconds in an online, up-to-date encyclopedia**, and send your children to online classes and tutoring sessions with professional teachers.

- **Chat with people from across the country who share your interests.**

Do you need Q-Link software? Simply call our toll-free number, 1-800-782-2278, Ext. 2423 and we'll rush you your Q-Link software package. For just \$9.95 per month, you're entitled to unlimited use of our Basic Services, a free hour's use of our Plus Services each month (a \$4.80 value), and a subscription to the *Q-Link Update*.

We hope to see you online soon! A whole world of fun, games and information is waiting for you! — *Robin Rose*

Get Your Irish Up And Celebrate St. Patrick's Day

"SADIE"

"A word is more lasting than the wealth of the world," goes the old Irish proverb, and nowhere is this more true than in People Connection in March, where words are worth more than a leprechaun's gold. For St.

Patty's Day, we're honoring those who have the gift of blarney (Irish or not) by hosting a storytelling contest!

Do you harbor a tale that must be told, or are you like the "Man Who Had No Story to Tell"? According to Irish folklore, even that man found adventure, and so can you. Use your imagination or personal experiences to compose a story. Then post your parable on the **Weave Your Own Tale** board, located in the **Legends and Luck** area of Just

For Fun's QSociety. The creator of the best story will win 15 free Plus Hours!

Even if you don't spin a yarn, you can enter the **Luck O' the Irish Contest** in Bonnie's Bar, from 9 p.m. to midnight on Saturday, March 17. The QTENDS will be handing out numbered Shamrocks and award the member who holds the winning clover with three free hours worth lots of "green

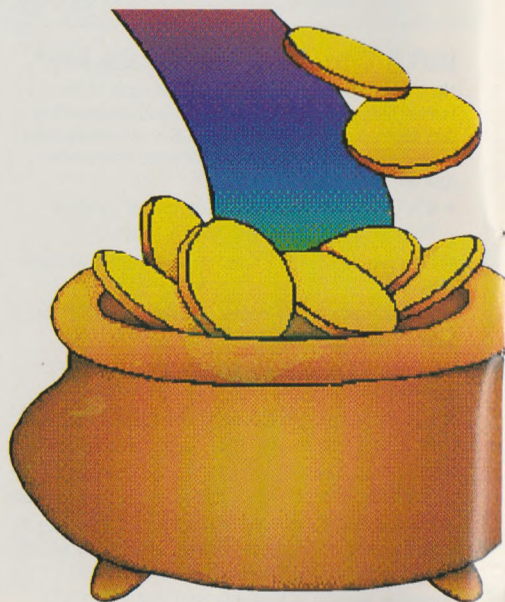

stuff"! Of course, Bonnie's Bar will keep the green ale flowing as well.

And Q-Link members with Super Q can jam to their favorite Irish music in the SHAMROCK AND ROLL room with the Mr/MsMusic staff at 10 p.m. on Wednesday, March 14 and Saturday, March 17.

You'll find a complete roundup of St. Patty's Day events and activities in QSociety's Legends and Luck area. Be sure to check this area daily for the latest word.

Go for the pot o' gold with your gift o' gab, and best o' luck to you from People Connection, home to online living legends and Irish lore. May the road rise to meet you and the wind always be at your back!

News & Information

Track and React to World Developments Online

ROBIN ROSE

The world has seen many changes during the past year — a move away from Communism toward democracy, several natural disasters, unprecedented technological advancements, medical challenges and more.

You can respond to the world's ever-changing news agenda with Q-Link's special news features, online arenas where you can debate the issues that affect you and get the timeliest news updates.

Q-Link's **Panama Crisis Center** gave you and your fellow members the opportunity to debate the rapidly changing developments during the time of the U.S. invasion of Panama. The area included a special conference area, the latest Panamanian news stories from our news feed, NewsGrid, and a message board where members posted their own opinions and challenged others.

In the **AIDS Awareness Center**, Q-Link pro-

vides you with vital information that you should know about AIDS and HIV, tells you where to go for more in-depth information and support, and what hope the future holds for finding a cure. Online expert Wanda Wigfall-Williams of the Center for Population Control specializes in adolescent AIDS/HIV prevention and has hosted online conferences, where members can get answers to their questions about AIDS.

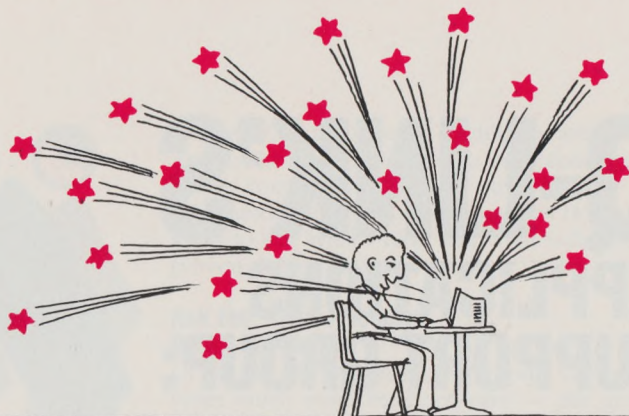

Also, weekly **Hot Topics** in News & Information's Express Yourself area spark heated controversy between members on timely issues. Hot Topics have included the legalization of drugs, the homeless, the sentencing of Jim Bakker and the burning of the American flag.

After posting your opinions in this area, take a look at the latest headlines in the **Today's News** area. Whether it's international news you're interested in or the latest on new technology, USA Today and NewsGrid provide it all for you.

Why wait any longer for the latest news? Tell us what you think about the issues and stay on top of late breaking stories in News and Information! **(News and Information/Today's News, Express Yourself, and AIDS Awareness Center)**

Q-LINK'S APPLICATIONS SUPPORT GROUP:

*YOUR
PRODUCTIVITY
SOFTWARE
SPECIALISTS*

Everyone who keeps records or stores files has done it; they look at a stack of papers as it spills off the desk, and throw their hands up in despair, wishing they could get organized — and stay that way.

Your personal productivity resource is as close as your keyboard — Q-Link's Applications Support Group, located this month on the Commodore Information Network's main menu, offers a variety of productivity software and support. Attack that stack of paper and turn it into computing files you can access with a keystroke!

From spreadsheets to databases and word processing files to disk utilities, the Applications Group provides you with hundreds of programs that will help you get it together at home and work. The Software Libraries are organized into broad interest categories so you can quickly locate the types of files that interest you — C-128 Software, Home and Home Recreation Programs, Business and Word Processing, Disk Utilities, or Helpful Text and Information files.

If you've created productivity software of your own, uploading is strongly encouraged — you'll receive a usage credit for the time it takes to contribute your file for other Q-Link members

MARSHALL RENS

to use. Visit the Library Highlights area of the Applications Group for details on uploading, and while you're there, check out the New This Week and All-Time Top Applications Downloads areas to see what's new and what software has proven to be a hit in the past.

Ask the "User Friendly" Group Members

Of course, the Applications Support Group provides much more than software — the group's members will offer advice on enhancing the applications you download to get the most from them. Seek advice on using Software Library programs from members who *know* those particular files, and share hints and shortcuts that will help you get organized in no time. Or ask the group's leaders, SYSOP DM and SYSHELP TJ, for advice — if they don't know the answer, they'll tell you where you can find it.

The Applications Support Group's "User Friendly Cafe" is open seven nights a week from 9 p.m. to Midnight, Eastern Time, for informal discussion of productivity topics. Every Sunday night the User Friendly Cafe hosts a special conference that focuses on GEOS applications, and formal conferences are held Mondays at 9:30 p.m. You'll find the User Friendly Cafe in the Applications Conference and Chat Rooms area. Check the Update Calendar for topics that interest you, or visit the Group's News and Events area for the Applications conference schedule.

Club Caribe

Journey to the Badlands: A Cautionary Tale

CINDY STILWILL

Imagine yourself vacationing at Club Caribesm, Q-Link's beautiful island resort. After a morning of volleyball, swimming, and beach aerobics, you're ready to do a little exploring. As you wander down an old dirt path in the forest, you stumble across a rustic, run-down local establishment called "Spider's Web." Entering, you are surprised to find a real spider tending the bar.

"What's your poison?" he asks. Not sure if he means that literally, you play it safe and ask for club soda. This joint gives you the jitters, but it seems to be the perfect place to pick up some island gossip.

Sure enough, you're not disappointed. Two locals enter the bar, their faces flushed with excitement, to tell Spider what they've found. "We found a labyrinth!" the one named Candrill exclaims, "We've found a labyrinth near the Pirates' Lair." The other, Telamon, breaks in, "With magic and treasure inside!"

"And the doorway to the Badlands!" says Candrill, "We're forming a party to explore it. Come join us, Spider! I guarantee you'll become a rich man!"

"Or a dead one," was Spider's reply. Inwardly laughing at the two fel-

lows sitting at the bar, but anxious for adventure, you ask to join them on their journey to the labyrinth and the Badlands beyond. Soon, the three of you set off for the Sea Caves in search of the elusive Pirates' Lair.

When you get there, your excitement at finally visiting this place turns to anxiety. The pirates in the Lair look dirty and dangerous. The broken chairs and bottles on the floor add to the impression that this is a very rough neighborhood.

The pirates are deeply engrossed in conversation as you slip quietly into a back storage room. After searching around for a few moments, Candrill finds the latch to a trap door that leads to a corridor. In it, your unease is amplified by warnings on the walls of the dimly lit chamber. Finally you come to the words, "This is your LAST CHANCE! TURN BACK!" scrawled on the wall.

As the door leading to the labyrinth creaks open and you gather your courage to enter, you wonder what awaits you in these dark chambers below the Sea Caves. Fun and adventure? Fortune and fame? Or, perhaps death from cold and starvation, or at the hands of evil pirates who wish to relieve you of your purse?

You begin to think that maybe you should have listened to Spider after all.

GEOS HAS GO BUT THIS OFFER

When is an upgrade not an upgrade? When you're upgrading to GEOS 2.0™.

Oh, sure, you've heard a lot of that upgrade stuff before. But GEOS 2.0 isn't just a couple of itsy bitsy enhancements here and there. It's more like 60 whole new options, utilities and applications (some of which were once sold separately) all rolled into one package.

The fact is, GEOS 2.0 is different. Really different. Even in the way it affects your wallet.

For a very limited time, we'll upgrade your GEOS 64 or 128 — normally \$59.95 — for only \$29.95 (\$34.95 for GEOS 128). Which means that for a very few dollars, you can get a whole lot more out of the system that revolutionized the Commodore® world.

Sound good? Well, this ought to make it sound like music to your eyes:

Order your 2.0 upgrade with this coupon and we'll send you FontPack 1™ — 20 terrific

typefaces of all shapes and sizes — for free. Zip. Nada.

Now is that an upgrade offer, or what?

29.95

Special upgrade offer.

Something to write home about.

With new geoWrite™ 2.1 you can incorporate multiple column overlays, headlines and borders and instantly convert any Commodore

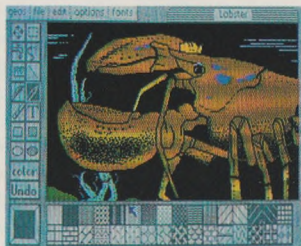

based text (like PaperClip™, Easy Script™, Speed Script™ and Word Writer™) into a geoWrite format.

You also get 10 fonts (7 styles in multiple sizes). Date and time stamping. Expand-

able margins (to 8 inches). Right, left, center and full justification. Single, 1.5 and double spacing. Page numbering. Headers. Footers. Search and replace.

And that's only a *partial* list.

A new geoSpell™ automatically corrects any blunders it finds 38% faster than before. A new geoMerge™ combines with geoWrite to create customized letters and lists. And geoLaser™ prints near-

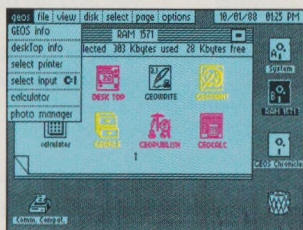

typeset quality output on Apple® LaserWriters™.

Whew.

More graphic displays of power.

A new geoPaint™ still gives you 14 graphic tools, 32 brush shapes and 32 painting patterns. But now it can also enlarge or reduce images to scale. And new paint brushes let you create semi-transparent

overlay effects.

There's a new grid for easier sketching of large images. New graphic shapes, including connected lines, ellipses and squares. And for more perfect control, you can now stop pattern fills in progress.

The new 2.0 deskTop™ allows multiple file selection for most operations. And erases entire disks without reformatting. It manages more files, three disks and drives (even the 1581) in less time. Copies files faster with fewer disk swaps. And even color codes file icons for easier identification.

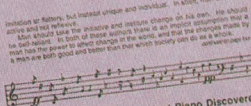

There are more keyboard shortcuts. More enhanced desk accessories. It can even retrieve your most recently deleted file from the waste basket!

The price of power.

For any non-GEOS owner, these two packages might cost a princely sum. But not for you. You were with us when we started, so we

Academic pursuit is fast and easy when students access **Academic American Online**, the most up-to-date and complete encyclopedic resource available.

More than 32,000 entries from the **Academic American Encyclopedia** — acclaimed by *Booklist* as “one of the premier encyclopedias” — span the full range of research reference: humanities and the arts . . . science and technology . . . social sciences . . . geography . . . sports and contemporary life.

With simple and versatile search commands, researchers of all ages can instantly access full-length articles that feature:

- “Fact Box” summaries of key points.
- Comprehensive bibliographies for further research.
- Extensive cross-referencing.
- Tables and charts.

Updated every three months to assure the most timely coverage possible, **Academic American Online** is the ideal place for students to begin any research on any subject.

The answer is academic: **ACADEMIC AMERICAN ONLINE**
